- **O-NECUS** Program is the abbreviation for Okayama University-North East China Universities platform, Graduate Student Exchange Program. The program offers you an opportunity to study in Medical and Dental Sciences Program of our master's course as a Special Auditor for one year.

1 By Friday, December 16, 2022

- Prepare necessary documents
- Submit applications

O-NECUS Program 2023

- Okayama University is known as a core hospital for cancer genome medicine, core hospital for clinical research, center for the creation of innovative medical technologies, and super global university. "Human Resource Development" is the most important keyword of the Graduate School. We would like to pass on our knowledge, skills, spirit, and dreams to the next generation. We will create an environment where they can learn the latest information, advanced technology and techniques, educate about responsibility and ethics, and use innovations such as AI and IT. We hope to foster human resources who will get recognition in international society, contribute to local communities, and become leaders.
